In re Application of :  
Jimmy Hwee CHEW, et al :  
Application No. 10/533,236 : **DECISION ON PETITION**  
Filed: October 18, 2005 :  
Docket No. 2085-05400 :

This is a decision on the renewed petition under the unintentional provisions of 37 CFR 1.137(b), filed November 13, 2008, to revive the above-identified application.

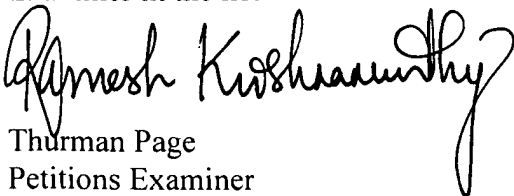

The petition is **GRANTED**.

The application became abandoned for failure to reply in a timely manner to the non-final Office action mailed, April 20, 2007, which set a shortened statutory period for reply of three (3) months. No extensions of time under the provisions of 37 CFR 1.136(a) were obtained. Accordingly, the application became abandoned on July 21, 2007.

The petition satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the reply in the form of an amendment, (2) the petition fee of \$770; and (3) the required statement of unintentional delay.

Telephone inquiries concerning this decision should be directed to Diane Goodwyn at (571) 272-6735.

This application is being referred to Technology Center AU 2829 for appropriate action by the Examiner in the normal course of business on the reply received February 29, 2008.

In re Application of :  
Jimmy Hwes Seng CHEW, et al :  
Application No. 10/533,236 : DECISION ON PETITION  
Filed: October 18, 2005 :  
Attorney Docket No. 1007.P056US/GDL/AY :

This is a decision on the petition under 37 CFR 1.137(b), filed February 29, 2008, to revive the above-identified application.

The petition is **DISMISSED**.

The application became abandoned for failure to reply in a timely manner to the non-final Office action mailed, April 20, 2007, which set a shortened statutory period for reply of three (3) months. No extensions of time under the provisions of 37 CFR 1.136(a) were obtained. Accordingly, the application became abandoned on July 21, 2007.

A grantable petition under 37 CFR 1.137(b) must be accompanied by: (1) the required reply, unless previously filed; (2) the petition fee as set forth in 37 CFR 1.17(m); (3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional; and (4) any terminal disclaimer (and fee as set forth in 37 CFR 1.20(d)) required by 37 CFR 1.137(c). Where there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137 was unintentional, the Commissioner may require additional information. *See* MPEP 711.03(c)(II)(C) and (D). The instant petition lacks items (1) and (3) above.

Turning first to item (3) above, the statement of unintentional delay is not considered at this time to be a properly submitted statement. In this regard, the petition containing the statement of unintentional delay is signed by Lim Kian Hock, who is Vice President of Advance Systems Automation Limited. Petitioner's attention is directed to 37 CFR 1.33(b), which states.

*Amendments and other papers.* Amendments and other papers, except for written assertions pursuant to § 1.27(c)(2)(ii) of this part, filed in the application must be signed by:

- (1) A registered patent attorney or patent agent of record appointed in compliance with § 1.32(b);
- (2) A registered patent attorney or patent agent not of record who acts in a representative capacity under the provisions of § 1.34;
- (3) An assignee as provided for under § 3.71(b) of this chapter; or
- (4) All of the applicants (§ 1.41(b)) for patent, unless there is an assignee of the entire interest and such assignee has taken action in the application in accordance with § 3.71 of this chapter.

An unsigned amendment (or other paper) or one not properly signed by a person having authority to prosecute the application is not entered. This applies, for instance, where the amendment (or other paper) is signed by only one of two applicants and the one signing has not been given a power of attorney by the other applicant.

Therefore, as the petition containing the statement of unintentional delay is not signed by an assignee of the entire interest and has complied with the provisions of 37 CFR 3.73(b), the petition is considered to not contain a proper statement of unintentional delay. As it appears that Mr. Hock is signing on behalf of an assignee, compliance with 37 CFR 3.73(b) must be satisfied. In this regard, 37 CFR 3.73(b) provides:

- (1) In order to request or take action in a patent or trademark matter, the assignee must establish its ownership of the patent or trademark property of paragraph (a) of this section to the satisfaction of the Director. The establishment of ownership by the assignee may be combined with the paper that requests or takes the action. Ownership is established by submitting to the Office a signed statement identifying the assignee, accompanied by either:
  - (i) Documentary evidence of a chain of title from the original owner to the assignee (e.g., copy of an executed assignment \* \* \* For patent matters only, the submission of the documentary evidence must be accompanied by a statement affirming that the documentary evidence of the chain of title from the original owner to the assignee was or concurrently is being submitted for recordation pursuant to § 3.11; or
  - (ii) A statement specifying where documentary evidence of a chain of title from the original owner to the assignee is recorded in the assignment records of the Office (e.g., reel and frame number).
